OF THE CITY OF OGDENSBURG MUNICIPAL CODE

BE IT ORDAINED AND ENACTED by the City Council of the City of Ogdensburg, New York, as follows:

SECTION ONE

That Article III entitled "Complete Streets" is hereby added, as follows:

ARTICLE III  
**Complete Streets**

**§ 189-18. Definition.**

"Complete Streets" means streets that are designed and operated to enable safe access for all users, in that pedestrians, bicyclists, motorists and public transportation users of all ages and abilities are able to safely move along and across a street.

**§ 189-19. Policy.**

The City shall develop a safe, reliable, efficient, integrated and connected multimodal transportation system that will promote access, mobility and health for all users, and will ensure that the safety and convenience of all users of the transportation system are accommodated, including pedestrians, bicyclists, users of public transit, people of all ages and abilities, motorists, emergency responders, freight providers and adjacent land users.

**§ 189-20. Scope of Applicability.**

- A. All City-owned transportation facilities in the public right-of-way including, but not limited to, streets, bridges and all other connecting pathways shall be designed, constructed, operated, and maintained so that users of all ages and abilities can travel safely and independently.
- B. Privately constructed streets and parking lots shall adhere to this policy.

- D. The City shall approach every transportation improvement and project phase as an opportunity to create safer, more accessible streets for all users. These phases include, but are not limited to: planning, programming, design, right-of-way acquisition, construction, construction engineering, reconstruction, operation and maintenance. Other changes to transportation facilities on streets and rights-of-way, including capital improvements, re-channelization projects and major maintenance, must also be included.

Such documentation shall be publicly available.
- B. Exceptions may be considered for approval when:

  - (2) The activities are ordinary maintenance activities designed to keep assets in serviceable condition (e.g. mowing, cleaning, sweeping, spot repair and surface treatments such as chip seal or interim measures);
  - (3) The Director of Public Works issues a documented exception concluding that the application of Complete Streets principles is unnecessary, unduly cost prohibitive, or inappropriate because it would be contrary to public safety; or
  - (4) Other available means or factors indicate an absence of need, including future need.

### **§ 189-22. Design Standards.**

The City shall follow accepted or adopted design standards and use the best and latest design standards available.
