## INFANT/TODDLER SWIM: \$15

This aquatic program has been developed to acquaint infants and toddlers ages 6-months to 4 years old to the water and as an introduction to the pre-school aquatics programs. Its goal is to make the children comfortable in and around water and introduce some safety skills. The swimming companion will be taught how to utilize various holds and techniques to help the child get acclimated to the pool. There will be two swim instructors conducting classes and helping all the participants. Requirement: parent, guardian, babysitter or responsible adult must be willing to accompany child in the water. The swim will be held Tuesday, Wednesday and Thursdays from 11:30 a.m. to noon July 5-27 at the municipal pool.
